Note:

- 1) Verify that the bank seeded with your Aadhaar is the same as the **Stipend** receiving bank and the bank updated in NATS.
- 2) If the bank seeding status is inactive, activate DBT by linking your Aadhaar with your salary receiving bank.
- 3) **If your bank seeding status shows active, but for an account other than the one you receive your stipend , contact the bank that appears in the Aadhaar site and request that they disable/ delink your Aadhaar seeding. Then, approach the bank to which you receive stipend and link your Aadhaar to that account and also request them for activation of DBT.**
